Membership Policy

Fees & Payments

The Boys & Girls Clubs of the Greater Chippewa Valley membership is based on the fiscal year from January through December at \$15 for an individual or \$30 for a family of two or more, with renewals beginning at the end of November. Those joining the Club in October or later in the year will be pro-rated for the rest of the year at \$5. There is a separate fee for school year full/half/early release days and the summer program.

School Year full days are provided if the Club has a minimum of 15 members registered to attend the Club when school is closed. Full days are \$25 per day per child for those that pre-register to attend. If a family does not pre-register their attendance, full days are \$40 per day per child. Each family is responsible for registering their attendance to the Club 1 month ahead of time to ensure timely release of full day dates and payments. Families are required to submit payment a minimum of 1 week before a full day is set to be provided. Families that ‘no show’ after registering to attend will be charged a ‘no show’ fee of \$10.

In situations where half-day services are provided, all fees listed above will be half the amount.

There are no refunds for full day services during the school year, but a family may be eligible to rollover their payments to a future full day program date after discussion with their site’s Center Director.

Summer payments are to be paid in full at the beginning of each week on Monday, or the first day your member attends the Club for the week. Summer fees and payment schedule to be announced March 15 of each year. Beginning summer 2024, there will no longer be a daily fee for attendance. All weekly fees are to be paid per week, and no fees will be rolled over or refunded between weeks due to lack of attendance. New for 2024, the Clubs will offer a punch card to allow for flexible attendance of up to 3 days/week. Should a family purchase a punch card and then attend more than 3 days, they will owe the remaining fee for the week. There are no refunds, or rollovers, of payments will be provided between weeks.

Families that register for attendance and miss 3 consecutive days in a row may lose their spot in the summer program due to waitlist needs.

Free/reduced fees are available by request and require an additional form be submitted for review. Free/reduced fees are provided on a sliding scale for those that need them to ensure all Club members have a safe place to go after school and non-school days.

LiveSafe Application & Process

As part of holding membership with the Club, all member information is included in our safety application LiveSafe. LiveSafe is a crisis preparedness application that the Club encourages all families to download on their phone for emergency purposes, should it ever be needed. This application allows for members and families to anonymously report safety concerns or challenges for review by the organization to ensure all members are safe while attending and receive effectively/timely follow-up.

In addition, this application allows for the local site and organization to communicate to the entire membership population if an emergency were to occur. This system allows for all families to know what is happening in real time, such as, if the pick-up location of your child may have changed and how-to communication in a time of crisis. This application will ensure quick and effective response and communication to all who may be affected to reduce crisis response time.

If you are unable to download the Live Safe application to your phone, the Club encourages all families to sign-up for the Club’s texting system as this messaging will also be used in times of emergency.

Priority Outcomes

The Boys & Girls Clubs of the Greater Chippewa Valley has the following priority outcomes areas:

- Academic Success
- Good Character & Citizenship
- Healthy Lifestyles

Through these outcome areas, all Clubs provide over 40 program opportunities. These opportunities include staff facilitated programs, partnership programs from the community and field trips!

Diversity, Equity & Inclusion

In alignment with our RIICH (Respected, Included, Inspired, Comfortable, and Happy), the Club is committed to the promotion of diversity, equity, and inclusion in all activities. Members at the Clubs learn about their own cultures, as well as the variety of cultures and beliefs throughout the world.

BOYS & GIRLS CLUBS OF THE GREATER CHIPPEWA VALLEY

Altoona Center • Chippewa Falls Center • Lunda Center
Lee & Mary Markquart Center • Menomonie Center

Activities such as dance, music, art, and food are integrated into core programming, along with field trips and special events, to expose Club members to different cultures to help create an atmosphere of respect and understanding for all people from all backgrounds.

Dress Code

Rules pertaining to appropriate Club member attire are necessary to maintain good decorum and a favorable member development atmosphere. Appropriate dress is the responsibility of Club members and their families. As the Club is also a safe & respectful place for all members physically and socio-emotionally, the Club reserves the right to make adjustments if a member's dress may be causing harm to others.

Club members are not permitted to wear clothing that is inappropriate for the Club setting. This could include clothing that displays profanity, violence, is sexually suggestive, is offensive, is disrespectful, makes others feel unsafe, promotes gang activity, or promotes alcohol, tobacco, or drug uses which are not appropriate. Club members wearing inappropriate clothing will be asked to change or turn their shirts inside out.

Clothing must cover the torso from above chest cleavage to mid-thigh.

- No items of clothing where undergarments are exposed are allowed
- Footwear must be worn while at the Club
- Closed toed shoes are strongly encouraged to protect feet during sports/recreation activities
- Club staff may limit participation in activities and program due to lack of safe footwear

Guests

Club members may bring friends and family members to the Club up to one full week in total, at no charge. The guest must meet the age requirements of the Club to attend. The name, age, and contact information for the visiting member must be recorded. If the guest(s) want to attend after their first week, a membership application and fees must be paid, and new family orientation must be attended before they are able to attend again.

Membership cards

As part of Club membership, all members receive a membership card with their name and a barcode for scanning in and out of the building. It is the responsibility of Club members and their families to ensure their membership card is brought with them each day they attend for safety purposes as well as checking items out while attending the Club.

If a member loses their card, they have two options to get a replacement: purchase a new card for \$2 or help/giveback to the Club through cleaning, organizing, helping staff, etc.

Family Communication

BOYS & GIRLS CLUBS OF THE GREATER CHIPPEWA VALLEY

Altoona Center • Chippewa Falls Center • Lunda Center
Lee & Mary Markquart Center • Menomonie Center

Front Desk

The Boys & Girls Club front desk is a source of resources, materials, and updates. As part of attending the Club, it is the family's responsibility to check-in at the front desk when picking up their member(s) and stay up to date on permission slips, schedules, and changes in contact information.

Identification

When arriving for pick-up or drop-off all adult authorized family members are required to enter the building. We appreciate the ability to meet people face to face to help build rapport and share new updates, discuss needs for support or fun things to come.

During pick-up, specifically, all families are required to be prepared to show their ID. Club staff may ask for your ID and your connection with the member(s) you pick-up. This is to ensure that Clubs are providing a safe exit for Club members to go home with the correct, and authorized contact.

We understand this can be cumbersome for you to show your ID; we want to apply safety practices while also being practical. Therefore, as Club staff gets to know family members, you may not be required to show your ID. Please be patient with us as staff develops a comfort level with getting to know all family members.

There might be circumstances where showing ID might be required. This could include when a Club staff member is filling in for the Membership Coordinator. Or it could be during a situation where we have been alerted to a potential safety risk for a Club member. Again, we ask for your patience when these requests are made; we hope you'll understand we're doing it with the good of Club members in mind. For example, we may require ID's in an emergency where a Club member requires medical assistance, a fire alarm has been activated or members/staff needed to exit the building. These are examples where even well-known family members may again be requested to show their ID.

If a primary family member notifies Club that a new adult is being authorized for pick-up whether consistently or inconsistently, the new adult is required to show their ID each time they come for pick-up. If the primary family member needs having a minor (likely a sibling) come and pick-up, they are required to provide written approval via email in advance to ensure a safe exit.

Examples of this could be a friend is picking up your Club member, your Club member is going home with a friend for a sleepover, or another related family member is coming to support pick-up due to changing work obligations. In each situation, Club asks for families to notify of these changes through a phone call or email ahead of time. If Club is not notified ahead of time, it will result in a delay in pick-up as staff will be calling for verbal approval from a primary contact before allowing them to exit the building to maintain safety.

Late pick-up

All Boys & Girls Club locations close at either 6:30 or 7pm during the school year and 6pm during the summer. It is the family's responsibility to know the hours of operations of the Club site their member is

Lee & Mary Markquart Center • Menomonie Center

attending. If a Club member is present 5 minutes after Club closes families and/or emergency contacts will be called, and a late pick-up notice will be issued. If 30 minutes have passed and no one has been reached, or the Club member has not been picked up, local law enforcement will be contacted.

- First late pick-up notice = reminder letter of Club hours
- Second late pick-up notice = 1-day membership suspension from Club
- Third late pick-up notice = 3-day membership suspension from Club and meeting with the Director

Families under the influence

The safety of all Club members is priority one! This includes intervening when unsafe circumstances are presented by a family member. When Club staff suspect that a family member picking up a child from any of our Club locations is under the influence of drugs or alcohol, these procedures will be followed:

- The Director will be alerted that a family member is under the influence and the member will not be released to the family while the Director speaks to them
- The Director will privately speak to the family in an office with the door open. Explaining concerns regarding sending the member home with someone who appears under the influence.
- Call emergency numbers listed on membership applications in attempt to have someone else pick up the member
 - If no one is available to pick up the member, the local Police Department will be called and the situation will be explained to see if they can take the member home
- If the Director is unable to detain the family member and prevent them from taking the member, the police will be called, and a description of the vehicle and license number will be given.

Lost & Found

The Club is not responsible for lost, stolen or damaged items.

- Club members are responsible for their personal belongings and should not bring expensive equipment including electronics, jewelry, or anything else of value
- The Club has a lost and found located near the front entrance
- School sites lost and found is located within the school's lost and found (where applicable)
- Lost and found items are kept for 4-6 weeks and then donated

The Club may determine that they will close early on those nights and will notify families as soon as that decision is made.

One-on-One Interaction Policy

Definition of One-on-One Interaction

One-on-one interaction is defined as any private contact or communication (including electronic communication) between any Club member and an adult, including adult staff, minor staff, volunteers, board members and others who might encounter member during regular programming and activities.

- **Private** contact/communication is any communication, in person or virtual, that is between one member and one adult/staff/volunteer that takes place in a secluded area, is not in plain sight and/or is done without the knowledge of others. Private places can include but are not limited to vehicles, rooms without visibility to others, private homes, and hotel rooms. Examples of private contact include but are not limited to:
 - Meeting behind closed doors (in rooms without windows or visible sightlines) or any spaces that are not visible to others.
 - One staff member transporting one member in a vehicle.
 - Electronic communications (text, video, social media, etc.) between one member and one adult.

- Transporting members via public transportation (bus, taxis, train, air, etc.) or transporting multiple members
- Electronic communications (text, video, social media, etc.) between multiple members and adults (e.g., group chats)
- Public places can include but are not limited to buses, airports, shopping malls, restaurants, and schools.

Exceptions to Policy

In limited circumstances, exceptions to the one-on-one can be made in the following circumstances:

- When delivering medical or counseling services by a licensed, training therapist or similar professional (i.e., counselors, social workers).
- When the emotional or physical safety of a member is at risk and a private, one-on-one communication is deemed necessary by Club leadership
- In emergency situations, which could create a safety risk, exceptions can be made, i.e., if a member is not picked up by their family and leaving them alone at the Club could be a safety risk.

Should exceptions need to be made, the Club shall have policies in place to monitor interactions, including, but not limited to:

- Disclosing the meeting to Club leadership and regularly checking-in with the member and adult during conversations
- Placing time limits on conversations
- Meeting in rooms with clear sight lines (i.e., rooms with windows, glass doors)
- Documenting the interaction
- In an emergency, disclosing the situation to another staff member engaging in one-on-one interaction

Behavior Support

Kind, caring and respectful behavior expectations

While attending the Boys & Girls Club, all Club members are expected to show kind, caring and respectful behavior to themselves, other members, and Club staff. These expectations are threaded through all aspects of programming and will be provided as a constant reminder when participating at the Club.

Member development strategy

Club programs and services promote and enhance the development of Club members by instilling:

- **A sense of competence** - The feeling there is something they can do and do well
- **A sense of usefulness** - The opportunity to do something of value for other people
- **A sense of belonging** - A setting where young people know they fit in and are accepted

BOYS & GIRLS CLUBS OF THE GREATER CHIPPEWA VALLEY

Altoona Center • Chippewa Falls Center • Lunda Center
Lee & Mary Markquart Center • Menomonie Center

- **A sense of power or influence** - A chance for Club members to be heard and to influence decisions

Positive reinforcement

The Boys & Girls Club focuses on engaging Club members through positive reinforcement. The Club provides positive reinforcement through a reward system where members can earn points for displaying positive decision making, showing positive behavior towards themselves and others, and trying new things.

Members can also be selected as Member of the Month for going above and beyond expectations while attending.

Zones of Regulation

The Boys & Girls Club utilizes Zones of Regulation curriculum through written materials, board games and technology apps to provide support to build a safe, supportive environment that fosters learning and well-being for all Club members. Club members will benefit from:

- Increased self-awareness and social emotional skills
- A common language for communication, problem solving and emotional understanding
- More time spent on learning instead of on behavior management
- A healthier, more inclusive Club climate

Tiered Support Structure

The Boys & Girls Club provides a tiered support structure based on the needs of Club member(s) attending. This tiered approach functions on 3 tiers.

Tier One

This is our universal support structure. All Club members are eligible for the same level of behavioral support, and it includes items like providing break spaces, sensory items, positive verbal support, family phone calls and participation in the Club incentive programs.

Tier Two

This is our learning support structure. Club members who may need some additional layers of support that include a personal learning plan which could include check-ins, scheduled breaks, point systems, family check-ins and/or a potential modification to programming. This level is provided for Club members who may be on a school IEP or need additional support when engaging in large groups. If this support is needed, Club leadership will request a formal meeting prior to the start of membership attendance, and/or as needs arise while attending.

Tier Three

BOYS & GIRLS CLUBS OF THE GREATER CHIPPEWA VALLEY

Altoona Center • Chippewa Falls Center • Lunda Center
Lee & Mary Markquart Center • Menomonie Center

This is our community collaborations needed structure. Club members who require or need one-on-one support would require a formal Club meeting prior to attending. If attendance has started, and behavioral needs warrant one-on-one support, membership will be paused until a formal meeting can be used. This may also include those who are looking to transition from a day treatment facility, etc. and need additional support layers for success. During the school year, the Club is unable to provide one-on-one support due to capacity and staff limitations. During the summer program, the Club may have access to one-on-one support via school district collaborations but may be subject to approval from the school district prior to receiving and beginning attendance.

Send Homes/Suspensions

The Boys & Girls Club offers opportunities for members to appropriately meet their safety, belonging, freedom, fun and power needs. The Club attempts to create the conditions for members to try out new skills. Members are given opportunities to consider their actions, fix mistakes when they occur and return to the group strengthened. To ensure that the Club remains a positive and safe learning environment for all members, each member receives up to 3 Opportunities daily to show kind, caring and respectful behavior. Prior to an Opportunity being provided, Club members first receive reminders about showing kind behavior and interaction which involves further discussion on how/why they may be feeling the way they do.

- 1st opportunity – If a member begins to display behaviors that are not allowed at the Club, a direct program staff will give them a reminder of Club expectations and how/why they should adjust. If reminders continue, a supervising staff will be called in for assistance and to provide the members' first opportunity.
- 2nd opportunity – If a member continues displaying the same or equivalent behavior, a direct program staff will spend some additional time talking with the member to ensure they understand why their behavior is not acceptable at the Club and work with them to learn and practice more positive behaviors. If reminders continue, a supervising staff will be called in for assistance and to provide the members' second opportunity.
- 3rd opportunity – If a member continues to show similar behaviors after multiple reminders, they may be asked to take a break from programming to talk with the Assistant Director or the Director until the member understands and is ready to show appropriate and positive behavior.

If the issue cannot be resolved, a member may be sent home/suspended from the Club. Sent home/suspensions occur as follows:

- First time = 1 day
- Second time = 2 day
- Third time = 3 day

BOYS & GIRLS CLUBS OF THE GREATER CHIPPEWA VALLEY

A required family meeting must occur prior to returning back to Club after their third time or 3-day suspension from Club. During this meeting, Club leadership will discuss the return to Club and require a Tier Two plan to be implemented to help increase success while attending.

Following the family meeting the process above restarts.

If the process happens again, a second family meeting will be required to discuss a revamp/expansion of the Tier Two plan that is being implemented.

If the process happens a third time, an additional family meeting will be required to discuss the need for a one-on-one mentor support (school year) that would be found by the family or the potential of requesting a one-on-one support (summer program) that may be able to be provided via the local school district.

If your member needs to be picked up, an authorized adult contact must be available within 30 minutes. Not meeting this requirement repeatedly could result in a suspension or removal from Club programming.

Non-Tolerant Behaviors

The Club will strive to provide a safe, secure, and respectful environment during all activities, programs, and services offered. Non-tolerant behaviors disrupt the Clubs ability to empower all young people to reach their full potential as productive, caring, and responsible citizens. It is the Club's expectation that all its staff, volunteers, members, and families will observe this policy, and demonstrate appropriate behavior, treating others with civility and respect.

Behaviors that hinder the safety of others or self may result in a send home or suspension from Club.

- Directed derogatory language (1 day suspension): defined as language directs at others meant to cause harm/reduce feelings of safety
 - o Examples would include homophobic or race-based language, language aimed negatively at others that impacts their social-emotional wellness.

- Bullying (2-day suspension): defined as any willful, persistent, deliberate or attempted act, through the use of words or actions, which are intended to cause physical injury, emotional distress/suffering or property damage, or which negatively impact the Club's ability to provide a safe and secure place for members. Examples would include:
 - Verbal (e.g., threatening or intimidating language, name-calling, or racist remarks) Between members/members, members/staff, or adults and adults
 - Indirect (e.g., spreading rumors, intimidation through gestures, social exclusion)
 - Cyber bullying. This includes but is not limited to the following misuses of technology: harassment, intimidating, threatening, or terrorizing another person or group of people by sending or posting inappropriate and hurtful e-mail messages, instant messages, text

messages, digital pictures or images, website postings, including blogs or any other messages via cyberspace

- Physical aggression (3-day suspension): defined as physical violence/fighting with other members or staff damaging program spaces/materials, continuously running away from program spaces/site location.
 - o Examples would include getting into a fight with another member or staff, threatening to cause harm to another person, drawing plans that could be used to cause harm, etc.

Addressing and Repairing Situations

Staff cannot be everywhere, but in cases where acts of non-tolerant behaviors are witnessed or reported, either from the victim or a third-party, staff will immediately cease the situation, should the act be occurring. Then the staff will begin the process as noted below, if the non-tolerant behavior accusation is found truthful.

- In all cases of reported non-tolerant behaviors—even before fact-finding based on the allegations—the Club staff will attempt to sort out cases of actual non-tolerant behavior versus isolated cases of Club members simply not getting along.
- In cases where alleged non-tolerant behaviors are prolonged, continual, and/or combined with oral epithets, racial slurs, or other prohibited behaviors, staff will consider the situation to be factual.
- The Club staff will intervene in all non-tolerant behaviors that is brought to its attention or witnessed; redirection and discussion with each of the participants will occur
- When non-tolerant behaviors are witnessed or reported to any Boys & Girls Club staff or volunteer, and the alleged incident is found to be an actual case of non-tolerant behavior, the following will occur:
 - o All care will be taken to immediately interrupt any active incident of non-tolerant behaviors.
 - o Club staff will make an oral report to the Assistant Director/ Director within one day of the alleged incident. Fact-finding will occur. Then the following steps will take place:
 - Club staff will submit a written report to the Assistant Director/ Director within 1 day of the alleged incident.
 - Promptly after receiving the report, the Assistant Director/Center will complete an investigation with the support of the Area Director/Director of Operations.
 - Within 72 hours of the incident, staff will notify families of the Club's actions.
- In rare situations where local authorities, school officials, or law officials must be brought into the situation, the Club will proactively involve the appropriate authorities
